

Plastering Course

Plastering for Junior Doctors

Monash Doctors Education are pleased to provide prevocational doctors with the opportunity to improve their plastering skills.

Who is this workshop for?

All Monash Health employed HMOs (PGY1 and above).

Date

Saturday 16th May 2015

Venue Holmesglen, Moorabbin Campus

Time 08.00 – 12.30pm

Workshop facilitators

Participants will receive tuition and guidance in circumferential and back slab casting techniques from Monash Health clinicians and product experts.

What people say about this workshop?

"Thanks for organising the workshop. It was terrific! Hopefully they will become more frequent and incorporate other skills too."

"Loved it. So much better than 5 years of university."

"Very useful. Now I feel like I know how to put on a plaster".

"Please continue these workshops! It takes practice to get slick at these skills - and the workshop offers an opportunity to not only practice but refine technique, trouble shoot and ask questions for what works and does not to improve."

Overview of workshop

This half-day workshop has been developed with hands-on practice in mind.

Topics will include:

- Upper limb circumferential cast and back slab
- Lower limb circumferential cast and back slab
- Plastering tips and tricks

Cost

\$100 (inclusive of GST). Please note a **\$25 cancellation fee** is charged if less than 2 weeks' notice is given of a cancelled registration.

Each participant will receive a certificate of attendance.
