## CREDENTIALING AND DEFINING SCOPE OF CLINICAL PRACTICE

### PSYCHIATRY

**Instructions:**

Please indicate which areas you are qualified to practice in and wish to be credentialed for.

**Please Note:**

Monash Health acknowledges that occasions may arise where the emergency needs of a patient require a procedure to be undertaken which falls outside the scope of clinical practice authorised for the practitioner concerned. Monash Health will support members of the Senior Medical Staff who are required to so act

#### Qualifications:

## Clinical Services:

### **Please Note:**

All psychiatrists are legally able to assess and treat a person of any age, and may be required to do so on occasions. However, generally psychiatrists will work within their chosen area of specialty. Any psychiatrist may have more than one area of specialty. Credentialing applies to all Monash Health sites.

### **Instructions:**

Please indicate, with a ✓, those areas you wish to work in and those procedures you wish to undertake.

Core Clinical Areas of Operations
