Name: _____
Employee # _____

- | | |
|------------|------------------------|
| Consultant | Nurse Educator |
| Registrar | Registered Nurse Div 1 |

Features of a satisfactory skill demonstration

I have reviewed the MH procedure 'Urethral catheter female (adult)'

Not sure about this procedural skill? If you would like more information please return to the Intern Assessment page for links to additional resources. (<http://monashdoctors.org/intern-assessment/>)

Pre procedure

- Displays an understanding of relevant procedural indications, contraindications, anatomy and technique
- Informed verbal consent has been obtained from patient after explanation of indication, benefits and risks
- Correct selection of appropriate catheter for purpose, additional equipment and preparation of workspace

Asepsis and sterile field management

- Patient education and insertion site prepared in line with Monash Health policy
- Hand hygiene performed and aseptic technique maintained throughout care episode. Any breaches are recognised by the trainee and rectified.

Skill demonstration and execution

- Execution of skill is compliant with Monash Health policies and procedures (including 'Urethral catheter female (Adult)') and includes optimising patient comfort and privacy, and completion of required documentation.
- Demonstrates appropriate post-procedure care, including completion of required documentation

Trainee overall performance
Execution of skill has been sufficient that further direct supervision is not required.

Satisfactory:	<input type="checkbox"/>		Submit form to Monash Doctors Education via website
Not yet satisfactory (NYS):	<input type="checkbox"/>		Direct trainee to further learning resources on Intern assessment page (http://monashdoctors.org/intern-assessment/) and contact the Medical Education Officer

Go to the <http://monashdoctors.org/intern-assessment/> and look for the additional resources page

Reassessment

1. Co-ordination of reassessment is the responsibility of the trainee
2. Extensions for completion of DOPS will be considered once an "application for extension" email has been received by the MEO based in the Medical Education Office. Approval or refusal of extension will be communicated via email.
3. Further assessment opportunities may be co-ordinated by the Medical Education office after consultation with the Director of Clinical Training.
