Features of a satisfactory skill demonstration (all boxes must be ticked)

Learner to complete

- I have reviewed the MH background policy 'Enteral tube (adult)' and associated procedures

Not sure about this procedural skill? If you would like more information please return to the Intern Assessment page for links to additional resources. (<http://monashdoctors.org/intern-assessment/>)

Pre procedure (assessor to complete)

- Displays an understanding of relevant procedural indications, contraindications, anatomy and technique
- Informed verbal consent has been obtained from patient after explanation of indication, benefits and risks
- Correct selection of appropriate catheter for purpose, additional equipment and preparation of workspace

Skill demonstration and execution (assessor to complete)

- Hand hygiene performed throughout care episode.
- Insertion length measured and catheter lubricated prior to insertion
- Insertion technique appropriate with minimal tissue disruption in line with policy
- Tube is secured and position confirmed by methodology outlined in policy
- Execution of skill is compliant with Monash Health policies and procedures and includes optimising patient comfort and privacy, and completion of required documentation. Direct supervision is no longer required

Post Procedure (assessor to complete)

- Demonstrates appropriate post-procedure care, including confirmation of placement, completion of required documentation and communication with ongoing care staff.

Go to the <http://monashdoctors.org/intern-assessment/> and look for the additional resources page

Reassessment

1. Co-ordination of reassessment is the responsibility of the trainee
2. Extensions for completion of DOPS will be considered once an "application for extension" email has been received by the MEO based in the Medical Education Office. Approval or refusal of extension will be communicated via email.
3. Further assessment opportunities may be co-ordinated by the Medical Education office after consultation with the Director of Clinical Training.
